

Dear Mr. Liles

I hope you have a good day.
Thank you for teaching me last year, and for
making History fun. You'll forever be one of
my favorite teachers. 😊 ...even though you
always took up my phone.

Dear Mr. Liles,

I was in your 3rd period World History class 3 years ago. This is a letter of gratitude for you having made a memorable impression in my life here at Big Spring High. For me, high school was a scary place when I first arrived as a freshman. The halls were filled with hot sweaty people, mean teachers, and clogged up toilets... and then there was me. Stepping into your classroom and meeting you for the first time was sort of a relief for me. It's almost as if it was yesterday. You made a lot of things easier for me as far as accepting High School. The way you taught helped me learn so much and made me feel comfortable in my new environment. You gave me confidence in myself that the start of this new chapter in my life was going to be fun. There are not many teachers like you, meaning I was so lucky to have you as a teacher because you were the best. I respect you so much, and I hope kids see you the same way I do. May god bless you and your family for years to come.

Sincerely,

Elias

Dear Mr. Liles,

I was in your world history class my freshman year (2015-2016). I am writing you to tell you how grateful I am to have ~~been~~ had you as one of my teachers. Your teaching style was very inspirational to me as I too aspire to become an educator.

Your class was a class I always looked forward to attending everyday. I appreciate how easy you made hard curriculum seem. The way you presented valuable information to the class has made a lasting impression on me. I enjoyed reviewing vocabulary at the beginning of ~~every~~ every class for tickets. I am very thankful for you spending your money on the tickets and the prizes for tickets drawings we did every Friday. I enjoyed all the projects ~~that~~ you gave us because they weren't super hard, but they weren't boring either. My favorite project was the one where we had to do a skit about how the Roman Catholic Church sold the Roman people indulgences that would keep them out of ~~the~~ purgatory. The skit was so fun to make, and the skit that Dani, Bree, and myself came up with was hilarious. You are very helpful, kind, and caring towards all your students, and I believe all these qualities are essential to ~~being~~ being a great teacher, which you are.

I would like to thank you for being a fantastic teacher and helping me prepare for the rest of my high school experience. The teacher you are has inspired me on what kind of teacher I want to become. You are a teacher I will never forget.

In gratitude,

Chaside

I just wanted to let you know that you have done a great job with the Google Classroom Training. Of course, having Amber on my team, I already utilized a lot of this, but it is a great refresher before school starts, and I think you covered everything a teacher needs to know. I appreciate the time it has taken you to do this for our campus.

Oh, and I did not do a zoom video! I will correct this and turn it back in!

Finished I Think
